

DRIVE

**Developing Responsible Citizens by Investing in
Women Empowerment**

Faculty of Resource Management

college of defence management

Genesis : DRIWE

College of Defence Management being a premier management institution of the Armed Forces has taken a novel initiative to empower spouses of officers attending the Higher Defence Management Course & the Faculty by conducting a Certificate course '**Developing Responsible Citizens by Investing in Women Empowerment**' in collaboration with Osmania University, Hyderabad. The first Certificate course was conducted in 2016 and since 2017, post approval from Osmania University, this course is being conducted every year for a duration of nine weeks, on voluntary basis. With enthusiastic response received from environment, the Course has been extended to spouses of officers from local units and formations in the Station since the year 2023.

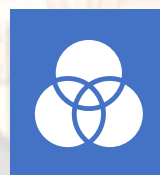

Aim

To provide participants a platform that empowers them to achieve their best as responsible citizens through Self & Social Awareness, Life Skills and Empowerment.

Aligning with the evolving contemporary world, the Course has been further refined & re-christened as DRIWE in 2024

Course Objectives

To enable the participant ladies to influence & shape the social environment in services.

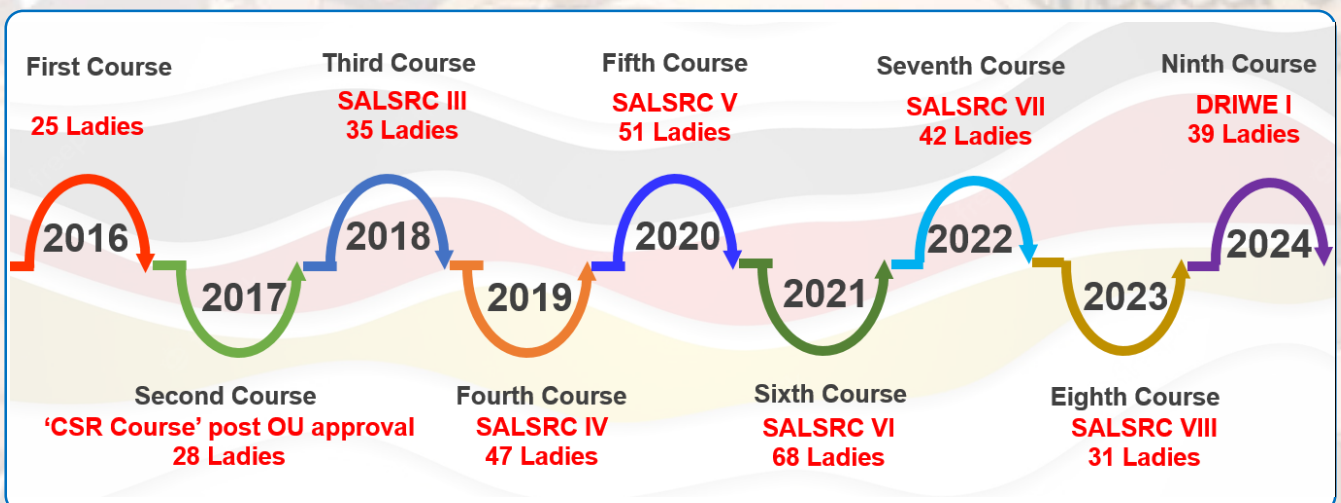

Enhance self awareness and life skills essential for changing societal needs.

Empower participants through enhanced awareness on cyber security, financial & legal matters.

Enhance social awareness including leveraging Corporate Social Responsibilities (CSR) in their areas of influence.
